

Introduction and DCAA Overview

DCAA Overview

- Established in 1965 by transferring the existing contract audit functions from each of the military services into a single contract audit agency (DoD Directive 5105.36)
- Oversight of 9,000 contractors every year and averages more than 3,400 audit reports which examine more than \$350 billion of contractor costs

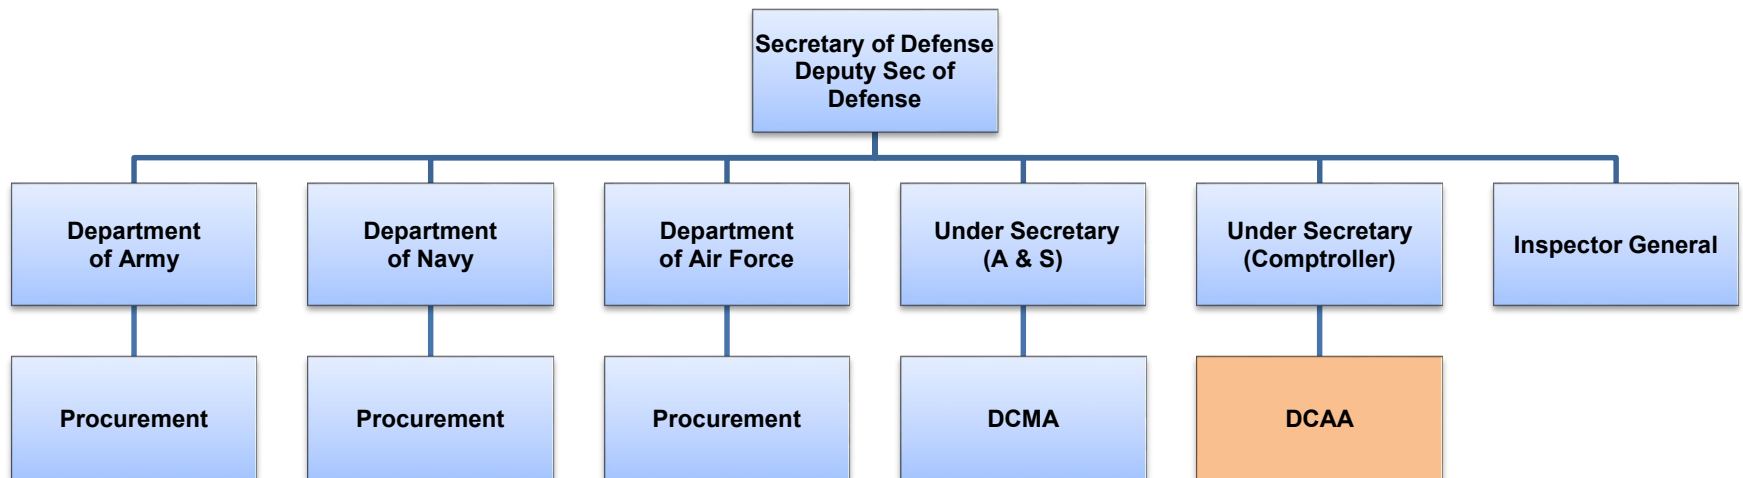

Agency Mission

Together with our acquisition partners, we increase warfighter capabilities by delivering high-quality audits and financial services to achieve fair and reasonable prices that protect taxpayer dollars.

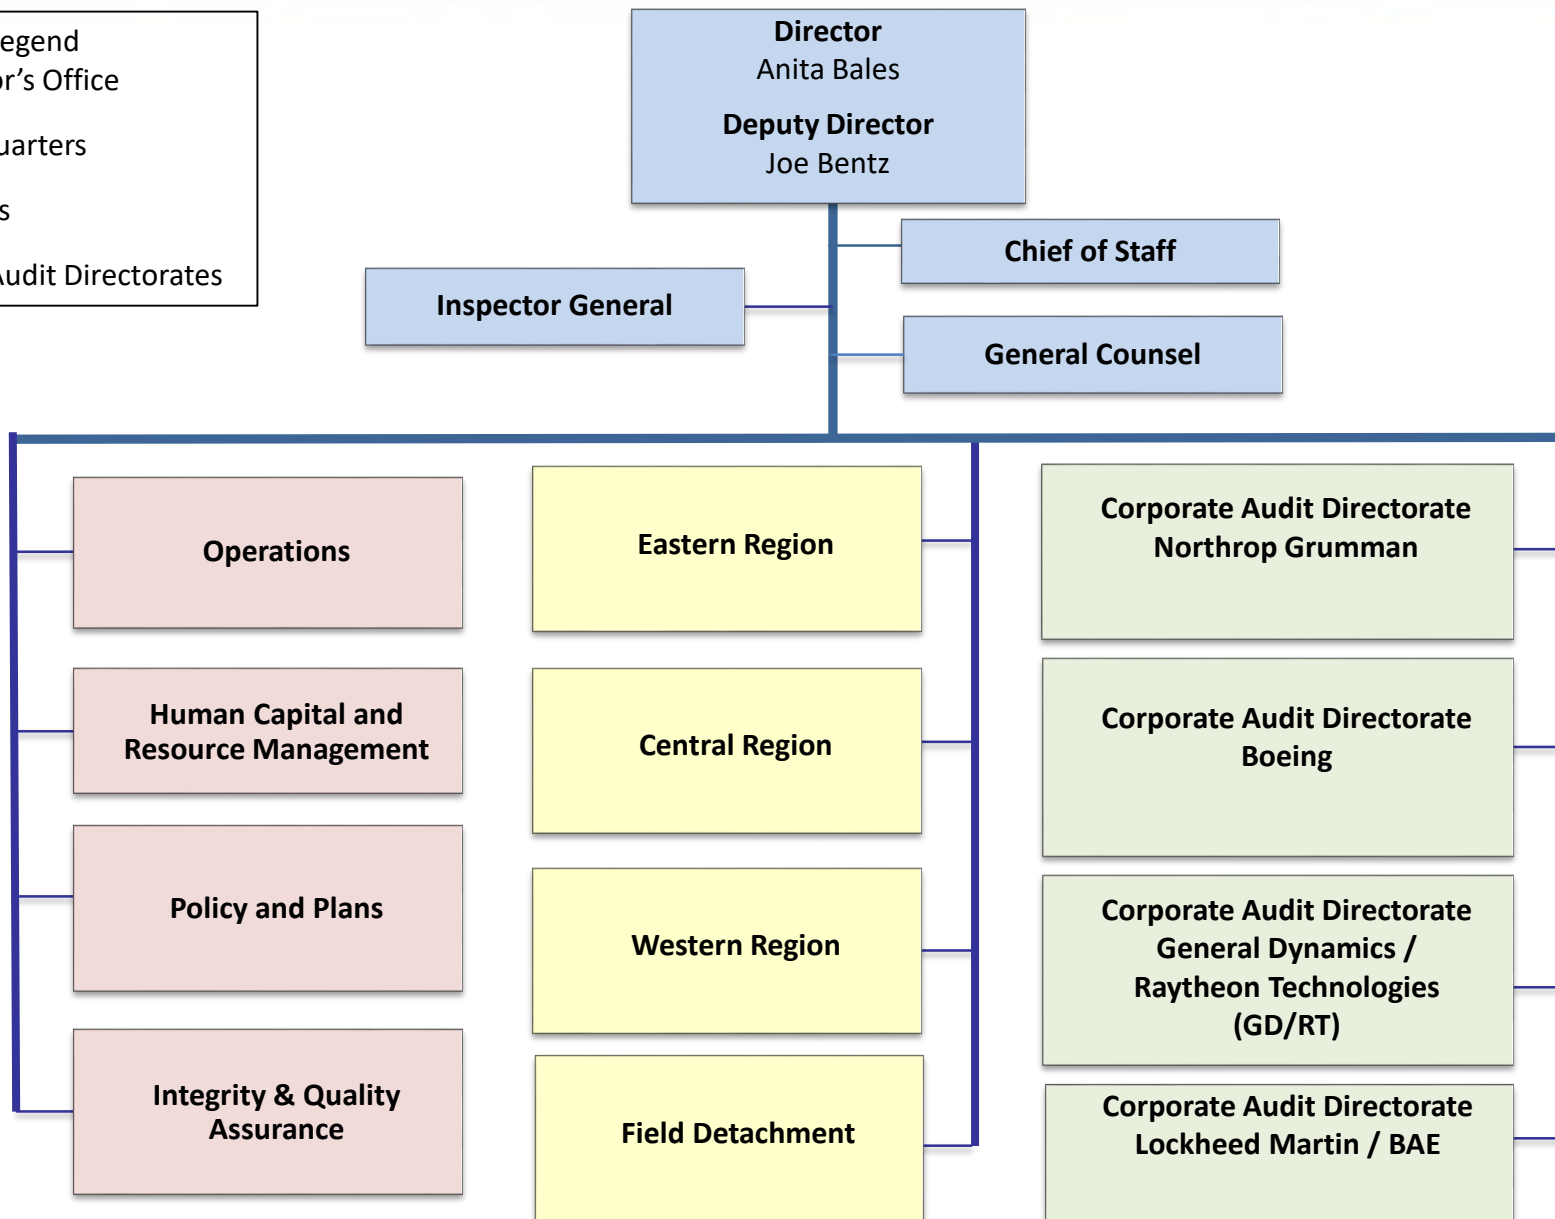

Defense Contract Audit Agency

- Approximately 4,600 employees located at over 300 offices throughout the United States and overseas
- Responsibilities and Duties:
 - Auditors - Perform all needed contract audits for DoD
 - Financial Liaison Advisor (FLA) - Provide accounting and financial advisory services to DoD (and civilian agencies when requested) acquisition and contract administration components during all contract phases:
 - Preaward
 - Contract execution
 - Settlement (contract closing)

Department of Defense Organization

Our placement under the DoD Comptroller assures our independence from offices that have procurement responsibility within the services.
